Congratulations on your acceptance to Georgia State as an entering transfer, transient or postbaccalaureate student! Below are the steps you need to complete the post-acceptance process.

First Steps
Below are the first steps you need to complete.

1. Submit your Intent to Enroll form
Let us know your enrollment plans for the fall. No payment is necessary to submit your intent to enroll.

2. Activate your Campus ID
Campus ID – the account name you'll use to log into pretty much everything. Select Activate Your CampusID to get started. Your Panther ID is the nine-digit number located on your acceptance letter.

3. Set up your PantherMail
You'll use this email address for all official communications with the university.

4. Log into Panther Access to Web Services (PAWS)
PAWS is the online portal to access things like student accounts, housing, orientation, and more. While you're there, check out the New Students tab. View your student record under the Enrollment tab. Click the Campus Resources tab for housing information.

5. Apply for housing (if desired)
The housing application is available in late January. Housing priority will be given on a first-come, first-served basis.

6. Fill out Free Application for Federal Student Aid (FAFSA)
Your application for financial aid can also verify your citizenship. This application will determine if you're eligible for all federal and state aid programs. You're encouraged to submit a FAFSA, even if you think you're not eligible for federal aid programs, as this application will review your eligibility for the HOPE Scholarship and other financial aid opportunities. Please note you must have a PIN to complete this application.

7. Complete Online Transfer Orientation
A 20-minute online pre-orientation is required for new transfer students before registering for classes. Transient students should be prepared to provide a personal copy of a transcript that documents completion of any required prerequisites for Georgia State courses to the department offering the course(s).

8. Verify Citizenship
You must provide verification of a lawful presence in the United States before your admissions can be finalized.
Before Classes Begin

Below are the next steps to complete before classes begin.

9. Submit Required Immunization
Immunizations are required for MMR, Tetanus/Diphtheria, Varicella and Hepatitis B. Fax the completed immunization form to 404-413-1955. If you’ll be living on campus, you must also obtain the meningitis vaccine or sign an optional waiver with your housing application from University Health Services.

10. Sign Up For INCEPT: New Student Orientation
Incept introduces you to the unique world of Georgia State and prepares you to make the most of your academic and co-curricular experiences. Incept is optional for transfer students. The online orientation is required.
At Incept you’ll:
• Tour campus and get to know downtown Atlanta
• Learn the basics about various departments and programs
• Explore campus life and student activities
• Receive your PantherCard
• Meet some of your new classmates, faculty and staff
• Learn about enrollment and financial aid
• Receive academic advisement and register for classes
Classes tend to fill quickly, so if you would like to have the best selection of courses, it is encouraged to attend the earliest INCEPT date.
*Register for math and/or science placements tests also (if needed). See next item.

11. Register For Math and/or Chemistry Placement Tests (if needed)
Log into PAWS with your Campus ID. Under the Enrollment tab you’ll see a menu in the left column. Register for placement tests by clicking on each link individually. You’re required to obtain your Panther Card ID and present it at the time of your test.

12. Review Financial Aid Package
Review your financial aid package in PAWS in the Finances tab. You must accept/deny aid as needed. Check remaining balance due and pay your bill by the deadline.
